Announcement of new Managing Director

Singapore - TOA Electronics Pte Ltd is pleased to announce that Nishino Takashi will assume the position of Managing Director from January 1st, 2018.

He previously was Managing Director of PT. TOA Galva Industries (TGI), one of the TOA factories in Indonesia from 2014 to 2017 and Managing Director of Acous Factory in Japan from 2012 to 2014.

Nishino Takashi joined TOA Corporation, Japan in 1995 as a Research & Development Engineer specializing in speakers segment, developed numerous speaker models including the TOA F-Series Ceiling Speakers that are one of the hot selling models even until today.

Moving from his role in TOA Corporation R&D Department, he assumed the role of Manager of R&D Department in PT. TOA Galva Industries (TGI) from 2005 to 2006 and later Director of TGI in 2007 to 2009. Armed with his rich product experience, Nishino was appointed Product Director in TOA Electronics, Singapore from 2009 to 2012 and spearheaded all regional models' product development.

We are delighted to welcome Mr Nishino to TOA Electronics, Singapore once again, this time as the Managing Director and look forward to using the breadth and depth of his product and management experience take our business in the Asia Pacific region to the next stage.

For more information, please contact TOA at (65) 6835 9119 or visit their website www.TOA.com.sg

###
